

Stitch-A-Wish
benefiting **Cook Children's Medical Center** in Fort Worth, Texas

PROCEDURE PILLOWS

Procedure Pillows are used to support an arm or leg during procedures such as starting IVs, putting in or taking out sutures, etc.

They need to be made out of soft cotton or flannel, and with very kid-friendly patterned fabric.

They are around 8" x 11" and filled with fiberfill.

Thank you!!
