## **QUILTS AND BLANKETS**

Quilts and blankets can be of any size, but usually are large enough to cover a young teen or to wrap around a parent's shoulders (4'x5' or 4'x6'). Any quilt or blanket fabrics are appropriate – bright, colorful prints for children ages toddler to older teens. Patients really enjoy the knotted fleece/flannel kind of blankets. It's a great project for the non-sewers who still want to be a part of the program.
